Other features of the rallway list were Unio Pacific issues, Atchison preferred, and of the less active shares Oregon Short Line, Oregon Navigation, and St. Louis and San Francisco second preferred. Of the local traction stocks Brooklyn Rapid Transit made a further noteworthy advance on continued good earnings, while Manhattan Railway was one of the few stocks that closed lower than on Saturday. The showing of the Manhattan Bailway Company for the quarter ending June 30, together with the known falling off in its earnings since the beginning of the present fiscal year, appear to have discouraged some of the friends of the property, particularly as the circumstances re-ferred to have evidently induced a good deal of liquidating. The Industrial stocks, though extensively dealt in, did not contribute anything like as large a propor-tion of the total transactions as the railway list. Sugar Befining was heavy throughout on comparatively light dealings. All the other members of the industrial group were conspicuously strong. The greatest ne advance was recorded for American Maltins

common, which has now come to the front for

the first time. Illinois Steel and Minnesota Iron

were favorably affected by the progress making

toward the consolidation of the two corpora-

dustries. Other specialties that attained prom-inence were Pacific Coast Issues and New York Air Brake.
For the first time in many weeks London showed a disposition to buy American stocks. Its fourchases here were not large, but the foreign market was, secording to all acing orders from the Continent, particularly from Berlin and Paris. It would seem, therefore, that Continental investors and speculators are more keenly impressed with the satisfactory condition of affairs in this country than English bankers and their following. It is possible that these last are deterred from buying American securities by the hardening

money market in London, caused by the withdrawal of gold for shipment to Russia and to the United States, and by the certainty that this country is to make further demands upon Great Britain's store of gold. The increase in the volgratifying development to-day. That much of the buying was for investment account is shown by the character of many of the issues dealt in and their rapid advance in comparatively small transactions. The early improve-ment induced a good deal of realizing and also brought the professional element into the readily absorbed, and in the last hour the room traders endeavored to recover the lines they had put out earlier in the day. The result was a fresh advance at the close which left the list well up to the best prices.

The International Cable Directory Company of this city has assued its. Western Union Telegraphic Code, of nearly one hundred and fifty thousand words. The code is one of the most exhaustive ever published and the price unusually low. Codes of this size have heretofore commanded prices that have had a tendency to limit their use. The code will be on file in every prominent Western Union office, in hotels and in public places generally, and in this way its use will be popularized. The directory feature is a novelty, nearly every city in the United States and practically every line of business being represented in this department of the work. The list of lawyers brokers, bankers and manufacturers is very full and will be found valuable for reference.

However much the bears in wheat might argue in favor of a decline, they did not sell at all agressively, they were careful to act on the principle that discretion is the better part of valor, and in spite of some bearish news prices did not decline materially, and the fact at one time were a fraction higher owing to small receipts at most points, heavy rains in Minnesota, which may delay threshing and moving the crops rather better cables than had been expected, reports of damage by half in North Dakota, and expectations of a decrease in the visible supply of 1,000,000 bush, which were more than realized, for the decrease was 1,357,000 bush. This brought the visible stock down to the unprecedentedly low total of 6,847,000 bush, against 17,226,000 a year ago and 45,876,000 bush, against 17,226,000 a year ago and 45,876,000 bush, at this time in 1806. Besides, the receipts at primary markets were only 803,206 bush, against 1,171,000 this day last year,

Figure—The demand to-day was small and only args enough to meet present requirements. Buyers were seeking concessions owing to the decline in wheat, but prices were steady and unchanged. The sites were 11,000 bbls.

Linancial.

Boston and Texas Copper Mining Company.

A portion of the Capital Stock is offered by subscription for treasury purposes, including further development, machinery and working capital, at \$5 per share, full paid and unassessible; par value \$25. The price will be advanced as soon as the

mount now offered is subscribed. \$1,000,000 of the authorized Capital is re-served in the treasury unissued, making the actual issue \$1,500,000.

The property is located in Archer County, Northwestern Texas, and comprises over twelve thousand acres, from which hundreds of tons of rich copper ore have been marketed. It has been favorably reported upon by experts and engineers, and shown it contains an inexnaustible supply of copper assaying from 15 to

haustible supply of coppor assaying from 15 to 70 per cent. No expensive development work remains to be done. Ample machinery obtainable at comparatively small cost. Minerals easily and chearly mined and worked. Water and fuel in plenty. Near railrond. Land worth cost for agriculture. Every section contains copper. Regarded by experts as one of the best in America, and that it will prove equal to the Caiumet and Heela.

Copper mining is the safest and most profitable industry in America, producing over \$50,000,000 annually, and paying \$20,000,000 in dividends from a few mines. Twelve companies have paid in dividends one hundred million dollars in a few years, and their shares have increased in value above paranother hundred million. Calumet and Heela has paid \$53,000,000 dividends, and its \$25 shares sell for \$508. Boston and Montana paid \$7,005,000, and its shares sell for \$204, par \$25. The Quincy has paid \$9,770,000 dividends, and its Anaconds, \$15,047,000 dividends, The Bostey and Texas Company has one of the largest properties in the world, and careful estimates shew that it Company has one of the largest properties in the world, and careful estimates show that it can earn 100 per cent. per annum on the sub-scription price of \$5 per share. Prospectus, maps, engineers' reports, re-ceipts for ores, and assays upon application in person or by letter.

ANNIE PEYSER,
A majority of the directors.

Zegal Aotices.

A TA SPECIAL TERM OF THE SUPREME COURT OF THE STATE OF NEW YORK held in the County Court House, Borough of Manhattan, city, county and State of New York, on the 16th day of May, 1808. Present, Hom. William N. Cohen, Justice.

In the matter of the application of the Directors of the Lenox Building-Loan Company for a voluntary dissolution.

dissolution.

On reading and filing the petition of F. T. Carpenter, J. L. Mason, E. H. Carpenter, John C. Ineright, Augustus Howe, Lee Cooke, Wesley S. Twiddy, Henry W. Jordan and Dwight S. Mason as directors of the Leoox Building-Loss Company and the schedules and papers thereto annexed, duly verified by the petitioners on the 18th day of May, 1898, and on motion of Dwight S. Mason of counsel for the peti-

motion of Dwight 6. Mason of counsel for the petitioners.

Ordered that all persons interested in said corporation the Lenox Building-Loan Company show cause before N. A. Elsherg, Eng., who is hereby appointed referee for that purpose, at his office, No. 50 Beaver st., in the Borough of Manhattan, city, country, and State of New York, on the 23d day of August, 1898, at 10:30 o'clock in the foremeen, why the prayer of the petition should not be granted and why the corporation, the Lenex Building-Loan Company, should not be dissolved and why such other and further order and relief in the premises should not be made as seen just and proper.

It is further ordered that a copy of this order shall be published at least once in each of the three weeks immediately preceding the time herein for showing cause in the New York Sun and in the New York Law Journal, two newspapers published in the city and county of New York where this order is entered, and that service of this order shall be made as provided by the Code of Civil Procedure.

It is further ordered that the said referee proceed in accordance with the law and practice of this court, and that he report thereon with all convenient speed.

Enter, WM. N. COHEN, J. S. O.

DWIGHT S. MaSON, Att'y for Petitioners, 208 Broadway, New York, N. Y.
